

INOXmARE®

HOOK FOR PANTILES ROOF – 3-WAY ADJUSTABLE

DATASHEET
ART. 9530

ART. 9530

TECHNICAL SPECIFICATIONS

Material	Stainless Steel
Quality	A2 / 1.4301 / AISI 304
Model	Punched, bent and sandblasted
Weight (Kg/pc)	0,760

Recommended maximum loads with minimum hook adjustment

- pressure perpendicular to the roof inclination: 0.70 kN $\simeq$ 70 kg
- tension perpendicular to the roof inclination: -0.45 kN $\simeq$ -45 kg

Recommended maximum loads with maximum hook adjustment

- pressure perpendicular to the roof inclination: 0.50 kN $\simeq$ 50 kg
- tension perpendicular to the roof inclination: -0.25 kN $\simeq$ -25 kg

YOUR ADVANTAGES

3-WAY ADJUSTABLE

- › By means of long hole drillings

READY-FOR-USE

- › Components are pre-assembled

PRACTICES

PANTILES ROOFS FROM A ROOF PITCH OF 20°

WE'D BE PLEASED TO ADVISE WITH YOUR APPLICATION.
