Bellhop Glass S1

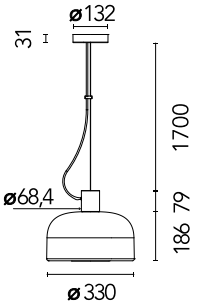

Designed by Edward Barber and Jay Osgerby, 2025

LED retrofit - 30W

Suspension lamp emitting direct and diffused light. Features a triplex opaline glass diffuser formed from three simultaneously blown layers of variable thickness. Lower opening protected by an aluminium ring to shield the bulb from direct view and create accent lighting on the surfaces below the lamp.

One of Edward Barber and Jay Osgerby's most iconic designs for Flos, Bellhop has evolved from a playful portable lamp into a full family of light. Bellhop Glass reimagines the archetype in triplex opaline glass and metal, materials that give the lamp greater scale, substance and atmosphere. The mouth-blown diffuser allows the entire surface to glow with even warmth. Table, ceiling and suspension versions transform the youthful spirit of the original into a more architectural presence, while evoking the intimacy of candlelight that first inspired the design.

Are you a professional and your project needs consulting and support?

Main specifications

EAN	8059607073780
Mounting	Suspension
Environments	Indoor dry location
Light source type	Bulb
Light sources included	No
Lamp category	LED retrofit
Lamp type	A
Lamp holders	E27
Ilcos	HSGSA
Number of lamps	1
Power (W)	30
System power (W)	30

Physical

Colour	Cioko
Length (mm)	330
Cord length (mm)	1700
Canopy length/diameter (mm)	132
Canopy height (mm)	31
Net weight (kg)	3.1
Package volume (m3)	0.07
IP internal	20

In our constantly evolving world and business, technical upgrades happen every day. This means all product specifications and data are subject to change without warning in order t improve reliability, function, performance or otherwise. We make every effort to ensure the accuracy of our product images, however due to different lighting and screens used for viewing, the colours may vary. Images are indicative of the quality and style of the product but may not represent the precise details of the product you receive. This is because we are constantly working to make improvements. For aesthetic reasons, cables and/or electrical elements are often not shown. Refer to technical data sheets for all technical data. Images and colours are not part of any contract or warranty in any way.

Schematic light drawing

Luminous flux luminaire
